About Mike Shinoda

Mike Shinoda is a songwriter, performer, record producer, film composer and visual artist. He is best known as co-lead vocalist for multi-platinum Grammy-Award winning rock band, Linkin Park, which has sold over 55 million albums worldwide and commanded a massive fan following, holding the title as the most-liked band on Facebook and amassing over 5.5 billion YouTube views. Shinoda is a founding member of the group, which achieved the best-selling debut of this century with their Diamond-certified album, *Hybrid Theory*, selling over 10 million copies in the US alone. Collectively, they sold out stadiums around the globe and earned a multitude of accolades including 2 Grammy Awards, 5 American Music Awards, 4 MTV VMA Awards, 10 MTV Europe Music Awards, 3 World Music Awards, and most recently, “Rock Album of the Year” at the 2018 iHeartRadio Music Awards for their seventh studio album, *One More Light*. In 2005, Shinoda launched his first solo project, Fort Minor, releasing *The Rising Tied* to critical acclaim, with the single “Where’d You Go,” which reached number 4 on the Billboard Hot 100 chart and accumulated nearly 10 million YouTube views to date. In the months since the passing of Linkin Park vocalist Chester Bennington, Shinoda has immersed himself in art as a way of processing his grief. The result is his critically acclaimed full-length solo album, *Post Traumatic*, a transparent and intensely personal record that is accompanied by visuals that Shinoda filmed, painted and edited himself. The new album includes 16 tracks, including the three songs from the *Post Traumatic EP*, released earlier this year to an overwhelmingly positive response from *The New York Times*, *NPR*, *Rolling Stone*, *Billboard* and more.
